

**Kitikmeot Corporation Signs MOU
with Medic North Emergency Services**

February, 2008

On Friday, February 15th, Kitikmeot Corporation (KC) signed a Memorandum of Understanding (MOU) with Medic North Emergency Services.

With its base in Yellowknife, and head office in Calgary, Medic North has significant experience providing health care personnel, medical equipment, supplies and emergency vehicles to a long list of major clients in the NWT and Nunavut. Medic North is committed to providing the highest level of patient and client satisfaction, without compromise.

This will be a new and somewhat unique business and service sector for Kitikmeot Corporation. While we were the “lead” on the construction of the Kitikmeot Regional Health Centre, and therefore have had some involvement in the health services area, we certainly look forward to expanding this company.

The MOU obligates Kitikmeot Corporation and Medic North to work together to establish a long-term business relationship. The name chosen for the new company is “Medic North Nunavut” and we are excited by the prospects that lie ahead. We believe that strong business growth is possible in the Kitikmeot Region and surrounding areas given the synergistic combination of Kitikmeot Corporation’s influential connections and Medic North’s commitment to 1st class service in all the work that they do.

We look forward to working with Medic North, and welcome them to Kitikmeot Corporation’s family of companies.
